“ My deepest sympathies to the family during this time. She is no longer in the physical body that housed her on earth but she will always be in the hearts that she touched while she was here. When a memory comes to mind, when a sight, smell, or feeling suddenly reminds you of her, that's her telling you that she is OK and that she loves you. When you feel the need to talk to her, talk to her. She can still hear you. Keep your hearts and minds open for her reply. Her physical journey is finished but her love for you is eternal. Sending love and prayers to you all during this very difficult time.

“ You know we have been praying for all of you. Heaven is richer today, because your Mom is there.
