“ *I just heard about Darrell and I'm so sorry. I worked with him at Verizon and he was one of my favorite techs. I always looked forward to working with him. I considered him a good friend and someone to talk to and listen to. He talked to me many times about Jesus and his love of church and family. He helped me through some very hard times. I will always remember him and cherish our conversations. He helped shape the person I am today. Rest in Peace my good friend.*

“ Terri and girls, I am so sorry for your loss. I had the privilege of working with Darrell at the phone company, I met him in 1986, we worked together, played basketball, golfed, and laughed together about as much as co workers could. He was a great friend and confidant. My heart is heavy with this news but we know where he is, rejoicing on High. Terri and families, know that you'll be in our prayers.

“ I remember a few times Darrell and I played Golf in Clarksburg WV when he would come over from Parkersburg to work around Clarksburg for a Verizon and I worked for Motorola and we would sneak off early and grab a cool drink and then go and play golf. I always enjoyed talking with Darrell because we agreed on most things. Although he and I never talked often I always enjoyed our conversation. Being my nephew and a good friend meant a lot to me. I will miss you but I know GOD wanted you to be with him. I will see you there.
