“ *Mr. Cooper was my physical science and consumer math teacher at Hurricane High School. He also graciously allowed me to serve as his teacher's aide my senior year. I remember both classes being challenging, but Mr. Cooper was a great teacher; not only super intelligent, but also someone who could communicate his knowledge to the students so that we could understand the lessons. As an adult I was fortunate enough to work with his lovely daughter, Sandra, who is also a gifted educator. Mr. Cooper will be missed by many, but may his family find comfort in knowing he touched countless lives of his students throughout the years. May he Rest In Peace.*
