“ Our condolences to Detra's family. This seems so sudden to us, we just talked to Detra last week. she did mention some problems she was having with medical supply companies but nothing serious about her health. We have been Detra's friends for a long time mainly in Williamson, but had stayed in touch. We admired her strength courage and determination to be independent even while losing much of her sight. One time, while living in Williamson, her dog Bobette went missing, we searched all over the area, finally got a tip that she had been spotted on the Ky side of the Tug river. We were able to get her back home. We had taken care of Bobette several times and she had grown on us. Bobette is buried at our old homesite in Burnwell, Ky. Detra was part of midwife team that delivered Gail Hannah's daughter at Gail's home in Williamson and they worked well together for a good outcome. Detra has been well thought of and we will miss her a lot. Bev and Judy

“ Detra was a dear friend in high school, college and later. We would not see or talk for times and then it would be as if we were never away from each other. From band to boys to driving to and from college to even watching a play together in Florida outdoors sitting on the grass. I will always remember Detra as a friend for life.
