“ There are some people who made a significant impact in our formative years. For me, there were three. Ginny was one of them. She was always, always so kind to me as a kid at the rink. Once I moved away from Altizer, Ginny would always pick me up/return me home so that I could still go to my beloved skating rink. Additionally, she always advised me on my little trivial adolescent life. We had people looking out for us during those vulnerable years. She was always looking out for me, kidding me and sharing her wisdom. I live away now but how I regret not letting her know how much it all meant. Sleep well girl and I will thank you face to face someday down the road. Linda, Danny, Tammy and Shane...I know this loss is unimaginable and I send my deepest condolences. To the entire family, many of you I do not know, my condolences to all of you as well. She was so very special. I will never forget her laugh and that twinkle in her eye.
