“ There is a lot that happened in that dash between the dates. Chris (Gary) made a ton of friends and shared great times with all. Our lives crossed many times in many places in that dash. Always picked up right where we left off the last time. He made it easy to like him and always kept up with your life as well. A truly caring person. Extremely good natured. There will constantly be things that will remind me of the times we shared together. Thanks my brother for the time you shared with me. RIP my friend.

“ Gary (Chris as I knew him) was a great friend I met at college; Phillips University about 1974-5. We shared a few drinks together and had a great time experiencing life. Looking back I realize he was one of the nicer persons I had ever met in my life. So good natured, we had some great fun-filled, drunk and care free days in college and in Tulsa, Oklahoma. I will remember Chris as just a great good-natured friend. I now look back and smile about our adventures together. I will raise a glass in your honor my friend, long may you be remembered.

Thanks Chris, my buddy, for all the great memories.
