“ *Ms. Kathy Rumbo and family of Leora Yoak,*

My wife Beth and I are sorry to note the passing of Leora. Though not close, we regularly exchanged Christmas cards and shared memories of her husband, Robert. My memory of her is of a caring and gracious woman. Our thoughts are with you during this difficult time.

“ *Leora was as much a Mother to me as anyone could be and she made my Dad very happy. They were a lot like two kids in the way they shared their love for each other. Leora taught me much in way of cooking and needle work. She was always happy to share whatever she knew. She took me to my first Tupperware party in 1972! She had a truly infectious laugh that I can still hear in my mind. I know that she is with our Lord today and I will always love her. Janet*
