“ Tammy, Caleb and Anna,

Our sincerest condolences. I had the deepest respect for Matt, he was clearly a family man with such a great love for the three of you. Remember the good times, smiles, and laughter, this is what keeps you strong. I truly enjoyed our time that we spent at the Case events, we had some really good laughs. We shared that brotherhood of the outdoors and you passed it onto others, especially Caleb. Rest easy now Matt, for you are walking in the forest with no worries, troubles or sorrow. Hunt that big buck and gobbler. I will miss you!

“ My best friend/brother Matt you are greatly missed by many. From the time we first met something clicked and a friendship was born but it wasn't long before we became more like brothers. Then we found out we shared our June 20th birthdays and we celebrated every year since then. It may have been just us for breakfast, dinner with our families and maybe both a time or two. I'll never forget the long 2-3hr conversations filled with things of life but most of all the laughs. No matter what was wrong we always ended up laughing and sometimes those big belly laughs would take over. I remember once we got so tickled and laughing those long hard belly laughs and the table about fell over. I'll never forget those times brother and will celebrate you each year my birthday twin and yes you are the younger little brother. You were the one who I could count on 24/7 and vice versa. So many memories were made that I'll cherish forever. As Tammy, Caleb and Anna says their final farewells today I'll just say "See you later my friend." An empty space in many hearts you'll leave but memories made we'll carry forever. My family & I will be here for your family just like we were for each other. Love you and see you later my brother, my best friend.

“ I had the pleasure of meeting Matt for the 1st time in 2016 at his first Case knife event and he was a blessing to me in so many ways. The kindest person who loved his family and made friends easily. He always texted just to check in to see how we all were doing or to tell me about his latest knife. Matt is going to be missed by so many and my thoughts and prayers go out to Tammy and his children.

“ *France family,
I am so sorry for your loss! I was Matt's first grade teacher. My memories of Matt were when he was young. He was so interested in learning to read. He loved books and reading. He'd much rather read than do written work.
I remember all three of these boys growing up and appreciate the fine men they became.
Matt will be missed by so many!

“ You were the ornery baby brother of my best friend who always threatened to rat on us for doing things we weren’t supposed to be doing when I spent the night at your house. You grew into a full fledged man who loved and cherished his family. A great father, wonderful husband, loving brother, and incredibly loyal friend. You loved your Packers, you always reached out to check on me when I was down, and you always had a joke or story to make me smile when I didn’t want to. I love you Matt, my heart aches that you’re gone. But I’ll carry you with me in my heart the rest of my life. I’d always tell you to get a haircut hippie...your response? “You’re just jealous you ain’t got no hair no more”...😭😭😭😭😭😭😭RIP my brother❤️
