“ I am so sorry; Paul was a wonder person! He was an inspiration to me... I taught at NIT at the same time Paul did. I learned allot from him not only from his experience as a teacher through his electronic and mathematic background, but also from his wisdom, his humor and his ability to be a mentor. He was a wonderful friend and mentor to me... I know he inspired many of the students at NIT and made excellent technicians out of them. He cared; Paul had all the attributes that we all should strive for. He will be missed.
