“ *Dear Clyde, Billy and I are so sad to hear of Ted's passing. The times we spent with you and Ted over dinner and at parties were some of the best. I consider Ted my best friend from IBM. He was one of the very best system engineers. Very technical, but he could be so unbelievably funny. He introduced me to antiques. Helped me learn the computer business. He gave me a beautiful angel some years ago; I set it out every Christmas and think of you both when I do. I always will. I don't want to accept that we've lost him. Our thoughts and prayers are with you, Clyde.*
