“ *There are so many memories but when he was late into his 80s he had never been to the may more castle nor Tammy. So he and Tammy came to our farm part of the McCoy farm he grew up on. After swapping stories about him and his brothers all over our farm when they were kids we drove to the church on crab creek I was a little nervous about the long hike up the mountain but Tom made it with flying colors. I remember how proud he was that he made it and saw what was left of the castle I will never forget that day and now he lives in one of many mansions God has prepared for him in heaven. When I get there he can show me around I will miss him only wished I had spent more time with him but we will have an eternity to catch up*
