“ As I think back on the memories of time with with Vicki—they were all fun and full of laughter! The beginning years of eSCAPE conference and the EMS Conference were the best of times! She, Kinda & I always watching and making note of all the “new” shoes folks had!! 😭. And, of course, her reminder “girl, get that lipstick on”!! Our lasting bond friendship grew during those days and even though had not seen each other in many years—conversations had us right where we left off! By phone we shared our sadness, concerns & worried and supported each other through the hard times! Losing Linda was very hard, but sharing our grief was something for which I am thankful! I’ll miss the knowing she was there for me; but I am quite sure Linda greeted her with open arms!! May God provide comfort the Jeff and the rest of her family and friends! 🤔❤️

“ When the “gang” would go to training events in our business, Vickie loved the opportunities to be with friends and loved ones. Never a dull moment during our trips and my heart and love go to the family. Reflecting...she had nothing but smiles and a great friend!
